

When time = money, this handy mailing pouch is designed to stay open in mail sorting centers.

Economical:

- Shipping container designed to reduce labor cost and improve efficiency within the mailroom.
- Saves postage through consolidated mailings...survives hundreds of round trips.

Durable:

- Large capacity with 5.5" base.
- Water/abrasion-resistant custom-made fabric.
- Heavy-duty nylon zipper is resealable and repairs itself. The bursting strength of the zipper is equal to many metal zippers.
- Two eyelets for belt seal security.
- Fibers sewn in pockets below the zipper to keep the bag open when inserted to mail sorting center.

Faster Handling & Distribution:

- Innovative design saves hours of mail processing when mail is inserted directly into transport container.
- Color code envelopes for instant recognition.
- Convenient addressing with Framed Window (FWNP012) which accommodates courier paperwork (approximately 5.5" x 8.5").
