

Designed to protect your original documents and valuables in the event of a fire.

Guards against fire damage until the contents can be safely retrieved.

Fire-Resistant:

- Consult your insurance carrier for possible reduction in your annual premiums.
- Laboratory tested to withstand high temperatures typical of automobile fires. Test results available upon request.
- Tough, durable multi-layer construction includes carbonized inner liner that quickly snuffs flames.
- Fire-resistant Nomex® Zipper Tape, developed for heat resistance along the zipper length.
- Briefcase-style Arcolock-7® is shielded by fire barrier-lined flap, while Satchel-style Arcolock-7® and zipper are shielded by fire barrier full flap.

Secure: For the secure transport of coin, currency, checks, valuables and sensitive materials.

- High security, tamper-resistant, patented Arcolock-7® is virtually pickproof with its seven pin tumbler mechanism.
