

# Fire Shield™ Sport Briefcase

with Arcolock-7®

Designed to protect your original documents and valuables in the event of a fire.

Guards against fire damage until the contents can be safely retrieved.

Design protects courier since it is not obvious bag is transporting items of value.

## Fire-Resistant:

- Laboratory tested to withstand high temperatures typical of automobile fires. Test results available upon request.
- Lightweight, yet tough, durable multi-layer construction: carbonized inner liner quickly snuffs flames.
- Consult your insurance carrier for possible reduction in your annual premiums.
- Fire-resistant Nomex® Zipper Tape, developed for heat resistance along the zipper length.
- Fire-Shield flap folds over Arcolock-7® and zipper - security is hidden.

## Secure:

- High security, tamper-resistant, patented Arcolock-7® with seven pin tumbler mechanism.
- Tamper-resistant, metal, close-tolerance zipper.

## Convenient:

- Framed Window Name Plate FWNP002 (included) accommodates 2" x 3" card or tag.

Bag-In-Bag/ "Dual Lock"	√	√	√	√

## Accessories:

- Customized keying system for Genuine Rifkin security and dependability.

## Identification:

- Framed Window Name Plate allows individual identification to be added to each bag which can then be changed as needed.
- Embroidery or Silk-Screen Imprinting for long-lasting identification.
