

Rifkin Bags Save Documents from Car Fire

Rifkin's Heavy Duty FireShield Courier Bags saved important documents from being destroyed when the courier service's car caught fire during transport. Car was ablaze for over 20 minutes before emergency services put out the fire. Seven bags were being transported, and all documents from the bags were able to be recovered and processed later that night.

Ren were being transported,

The above bag photos are from the actual vehicle fire.

EXCLUSIVE DETAILS

- Courier car caught on fire during routine delivery trip.
- 7 Heavy-Duty Rifkin Fire-Shield™ Bags trapped inside for over 20 minutes before flames extinguished.
- All contents inside the bags were able to be recovered and processed that same day.
- Documents recovered included death certificates, checks, loan documents, and signature cards.
