MAXIMUM SECURITY

U.S. Patent No. 3759073
U.S. Patent No. 5065602

Rifkin's Arcolock-7® keyed bags are the #1 selling brand of security bags for government and financial institutions. Seven decades of research and continual improvement make these storage and transport bags the most reliable on the market. The Rifkin seven-pin tumbler lock mechanism is virtually pick-proof and is compliant with federal security regulations for transporting classified documents. Additionally, we offer keying options for more confident management of your secure transport operations.

KEYED DIFFERENTLY

Keyed differently, each bag has its own key, different from all others, with no interchanges.

KEYED ALIKE

When Arcolock-7's are keyed alike, a single key pattern ("bitting") allows all key holders to open every bag in the system.

MASTER-KEYED

In master-keyed systems, each bag has its own key which is independent of other locks in the system. However, a single key opens all locks in that system.

EMERGENCY KEY REPLACEMENT SERVICE

Replacement keys are forwarded within 48 hours in cases of emergency. Large quantity key orders may take longer. (Please specify key number which is stamped on key and base of lock.)

SAFETY SAC® w/ ARCOLOCK-7®

Our high-security, fabric, lock bag is perfect for protecting cash and other valuables. Trusted by financial institutions and other cash handling businesses throughout the country to safely move currency and valuables from collection points to central counting. Windows for ID tags or cards as shown are available at an additional charge. See page 13 for details.

HANGING SURVEY/BALLOT BAG

Looking for a way to collect customer surveys, employee suggestions or contest entries securely? The 18 x 14 hanging bag can be locked and placed in areas throughout your stores where there is high traffic...the bag is locked, but the 10" Keyless Security™ slot is open to accept papers, forms or envelopes. When the contest or event has ended, the slot can be closed and sealed for secure transport to headquarters or counting centers. Webbing handles make it convenient to hang bags from merchandise hooks.

Visit our website to see Keyless Security™ Hanging Bags, as well as additional sizes.

TO SECURE THE BAG

- Insert all materials to be transported into the Keyless Security™ Bag.
- Fill in date, delivery location, and seal number on provided routing card. Insert card into the clear window which is accessible only through the interior of the pouch.
- Pull the zipper completely closed. Hold chamber lid at a 45° angle, push back and down until it snaps into place.
- To lock, insert seal's twin arrowheads into the two small rectangular openings and push until they click into place.

TO OPEN THE BAG

- Verify that the seal number matches the documented number on the routing card. Confirm the seal has not been broken or tampered with during transport.
- To open, utilizing the indent under the red seal, lift seal until it breaks.
- Then using the second indentation, lift up the chamber lid, unzip bag. Make sure all seal pieces are removed.
- Remove contents and reuse pouch.

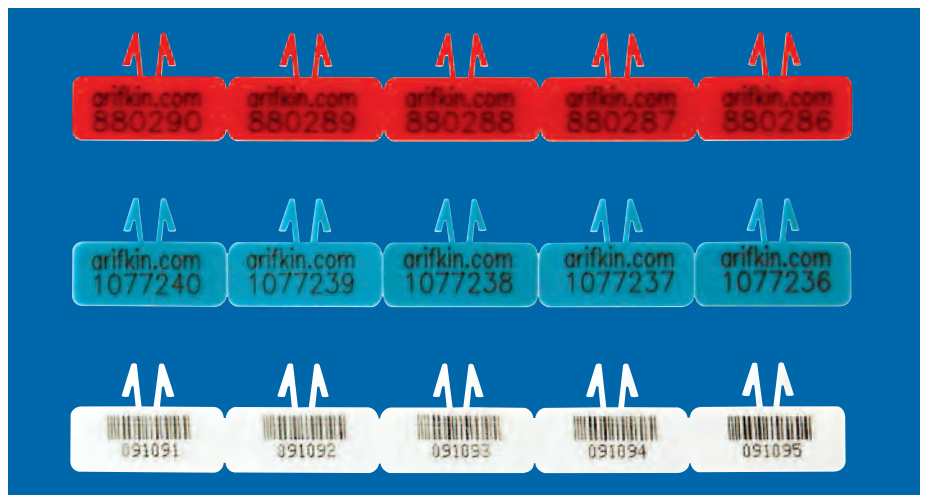

RIFKIN KEYLESS SECURITY™ bags use uniquely numbered, single-use seals and a patented zipper chamber to provide documented evidence that the contents of the bag remain secure during storage and transport. All bags equipped with Rifkin's Keyless Security™ option provide clear evidence if the bag contents have been compromised. The very presence of the Keyless Security™ chamber keeps most would-be “snoops” looking for an easier target.

zippers

NYLON ZIPPER

Made of a solid coil. Advantageous in high volume operations where bag handling ease is crucial. Not recommended for high security applications.

10mm BRASS ZIPPER

Extra strength and smooth operation. Standard on Rifkin Heavy-Duty Courier Bags and Fireshield Courier Bags.

WHAT IS A CLOSE TOLERANCE ZIPPER?

Zippers are called close tolerance due to the number of teeth per inch and the pitch or angle of these teeth. The benefits: difficult to pop open to gain access; virtually impossible to put back together, thus showing evidence of tampering.

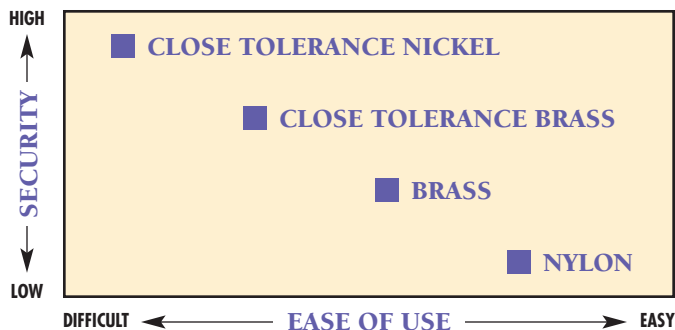

CLOSE TOLERANCE BRASS ZIPPER

A security zipper style standard on Rifkin bags with Keyless Security™. A combination of smoother operating brass and close tolerance construction.

CLOSE TOLERANCE NICKEL ZIPPER

Standard on Rifkin Safety Sacs®, our locking night deposit bag. The combination of hard metal (nickel) with close tolerance construction makes this the most secure zipper on the market.

See www.arifkin.com/security for further details about our bag closures.

POLICIES

Rifkin Bag Products

To qualify for quantity pricing, bags must be identical in material and color and they must have identical imprinting or embroidery. Styles may not be combined for quantity pricing. For multiple colors, color assortment charges may apply. Every effort will be made to ship the exact quantity of a printed order. Standard industry practice for printed products, however, provides a manufacturing allowance of +/-3% of the quantity ordered. It is our policy to ship and invoice all finished products to the customer.

Rifkin Stock Bags

We maintain an inventory of only those specific styles, sizes, fabrics and colors listed **All other bags are custom-manufactured to order and may not be returned.** When Stock Bags are returned, a 15% re-stocking charge applies.

Rifkin Non-Bag Products

You must be completely satisfied with the items purchased, or we will exchange the item, refund the purchase price or credit your account, as you wish. This policy applies provided the merchandise is returned within 30 days of receipt in re-sale condition. Any merchandise made to special order, and those items printed or engraved to your specifications may not be returned or exchanged.

Return Policy

If you need to return an item, return authorization is required. Please contact our representative in your area or our Customer Service Department at 800-458-7300 for assistance. Return merchandise should be shipped to: A. Rifkin Co. 1400 Sans Souci Parkway Wilkes-Barre, PA 18706 or to the location specified by our Customer Service representative when you receive your Return Authorization. All prices and specifications in this catalog are subject to change without notice. All orders are subject to the approval of Rifkin and are not binding until accepted by Rifkin. Rifkin reserves the right to refuse any order at any time. All orders are subject to availability of materials and component parts and Rifkin shall not be liable for inability to ship any order(s) due to material or parts shortages.

New Accounts

We will approve and process immediately all orders from customers with a satisfactory credit rating from D&B. We require payment by credit card or check prior to processing orders from all other customers. If you are not listed in D&B or wish to establish an open account with our company, please contact Customer Service at 800-458-7300 to request a credit application.

Our Guarantee

We are dedicated to providing you, our customers, with high quality products. We guarantee that the materials and workmanship used for each of our products will be of excellent quality and that they will serve to the satisfaction of our customers.
