

ARCOLOCK-7® SECURITY Keyed Locking Bags

Made exclusively for A. Rifkin Co., our seven-pin tumbler lock mechanism makes our secure transport bags the most reliable on the market when high security is required. All Arcolock-7® bags, except LCX bags, come standard with two keys that are factory sealed in a polyethylene envelope to provide security for the key system until the bags are used. Our lock safety feature prevents the key from being removed while the lock is in the open position, making it impossible to accidentally lock your key inside the bag. Widely used by banks and government agencies, Arcolock-7® bags feature four available keying options*, or an LCX keyless option, with up to 3,000 independent key changes with no interchanges, and up to 2,000 master-key combinations in each series.

U.S. Patent No.
3759073 and 5065602

**All bags are keyed differently unless otherwise specified.*

Keyed Differently

(included in Sac price)

Keyed differently, each bag has its own key, different from all others, with no interchanges.

Keyed Alike

(included in Sac price)

When Arcolock-7's are keyed alike, a single key pattern ("bitting") allows all key holders to open every bag in the system.

Master-Keyed

(\$2.38 additional per Sac)

In master-keyed systems, each bag has its own key which is independent of other locks in the system. However, a single key opens all locks in that system.

MASTER
KEY

Keyed Alike Sets with Master Key

(\$2.38 additional per Sac)

Keyed alike sets are also available with a master key which will open each bag in all sets.

MASTER
KEY

LCX Key System

(\$3.49 additional per Sac)

For applications where individual bag users do not receive keys.

In "Keyless" LCX systems, bags are issued unlocked with a leather insert strip secured around the plunger head to prevent accidental locking. Once filled, the user simply removes the strip, closes the zipper and depresses the plunger. The bag is then securely locked. This enables a single authorized keyholder to open all bags in the system without any other bag users requiring a key.

Emergency Key Replacement Service Replacement keys are forwarded within 48 hours in cases of emergency. Large quantity key orders may take longer. (Please specify key number which is stamped on key and base of lock.) All additional keys are \$9.06 each.
